Re: Alternative Delivery of Manitoba Health Curriculum

Dear Parent/Guardian:

You have indicated that you will provide an alternative delivery of the Manitoba Health Curriculum for your child for the following units:

_____ Human Sexuality

_____ Substance Use and Abuse Prevention

_____ Safety of Self and Others

Parents will provide a curriculum-based activity for the student to do when not in the regular Health class.

Enclosed is the divisional policy outlining parents', school's and division's involvement.

Please phone your child's teacher for outlines and dates of evaluation.

Yours truly,

Principal (School)
